

Introducing NCS Bahrain

NCS Bahrain began its operations in the Kingdom of Bahrain in June 2005. A multi-million dollar project, linking NCS Bahrain with the iconic Bahrain World Trade Centre (BWTC) facility, followed shortly thereafter. The company is currently in the midst of completing the project for the official BWTC launch in the third quarter of 2006.

As part of the NCS Group, NCS Bahrain helps its customers create business value through its broad range of services via information technology (IT), communications and engineering solutions.

About NCS Group

Located in 10 countries across Asia Pacific and the Middle East, NCS Group is a leading regional IT and communications engineering services provider. NCS Group is a wholly-owned subsidiary of the SingTel Group and has built up an impressive portfolio of more than 2000 large-scale and mission-critical projects.

NCS Group has been supporting its customers for more than 50 years in industries which include education, financial services and insurance, healthcare and life sciences, homeland security, manufacturing and logistics, telecommunications and utilities, and transportation.
