

portalconnect™

Liberate your business

POWERING THE KNOWLEDGE ORGANISATION

Manage your organisation's knowledge assets with ease. Let PortalConnect, the Enterprise Knowledge Portal developed by NCS, transform your organisation into a knowledge-sharing hub. Imagine an integrated environment where knowledge is created, captured and shared, one that transcends barriers of space and time to take place in the virtual realm of the Internet or Intranet. With Portal Connect - all this becomes a reality.

making IT happen

THE PORTALCONNECT™ SOLUTION

The gateway for all in the organisation to an integrated environment for personalised information access.

THE PORTALCONNECT™ ADVANTAGE

Enjoy Anytime, Anywhere Access

PortalConnect supports a full range of devices, from web browsers to portable wireless devices like mobile phones and Personal Digital Assistants. This means faster, more efficient access anytime of the day, from anywhere in the world.

Enjoy Rapid Deployment And Extensibility

Why wait, when PortalConnect's access to applications and information resources can be set up in a short time? Need more? Extend the functions to include CD-ROM streaming, analog video-on-demand, XML content management and mobile email. It's all possible with PortalConnect.

Enjoy Organisational Efficiency

Enjoy the efficiency of the PortalConnect Knowledge Repository. Documents and multimedia resources are stored in a central repository for other users to search, browse and retrieve easily. Here's another benefit that powers shared learning - personal workspace for maintaining and sharing bookmarks, creating and publishing projects and assignment of folders and publishing rights.

Enjoy Personalisation and Customisation

PortalConnect delivers information and services to fit the way you work. Receive recommended and personalised information, updates and services according to your working role. Customise the user interface to enhance the corporate identity of your organisation.

your door to a world of resources
